

**Parent Information Evening + 2018 Enrollments**

On Tuesday 16 May we held our annual Prospective Parents Information Evening, opening the school up to local families to hear about our schools structures, programs and tour our facilities. The night was a great success and we appreciate all the positive feedback from the attendees.

Since the night we have provided a number of small group tours and want to remind all families within our local area that we encourage personalised tours for anyone who has questions about BSC or would simply like to hear about whats on offer. Please book tours by calling the office on Ph 6247 7800.

We are excited to announce that pre-enrollments are looking extremely positive for 2018, with three classes of grade 7s being very likely. With this being the case we are now excited to announce that we now have room for addition enrollments for 2018. Again, please feel free to contact the office to organise a tour.

Our grade 11/12 program has been a huge success with enrolled students achieving great things in our aspirational environment created by BSC 11/12 manager Adrian Eberle. So much so that we are continuing to receive enrollments as student feedback has been so positive. Mr Eberle is excited to announce the list of possible subjects for 2018, a huge increase on 2017 offerings. Well done to all involved in the 11/12 program.
