'Messenger'

Our Mission – To provide every student at Lauderdale with opportunities to continue to learn, reach their potential and to contribute positively to the wider school community.

From the Principal

Today the Bravehearts 'Ditto's Keep Safe Adventure Education Program' visited our school's Kindergarten to Grade 2 students. This program was fantastic and students were very engaged. Bravehearts provide children with the basic principles of personal safety and the tools to stay safe. Thank you to parents who attended these sessions.

2018 Kinder enrolments are now required at the office. Please have your forms completed with us by the end of this Term. During the term break, we will be processing enrolments and sending acceptance letters with our session days offered.

Our Grade 3-5 Swimming and Water Safety Program commenced this week with students very excited to improve their skills. It is very important for all students to participate in this program as this is part of our Health and Wellbeing curriculum.

This Thursday we will be hosting debating teams. Good luck to all students involved.

Parents/Carers are very welcome to attend our School Community Association Meeting tonight at 6pm.

I would like to thank Ben Richardson for taking on the Acting Principal role whilst I was on leave.

Kind Regards

Tracey Johnston
Principal

Kinder 2018 Enrolments

Reading – a skill for life!

Today's tip from Di Vickers:

Focus on the cover of the book. Look at the picture and read the title. Predict what the story **might** be about. Before reading the book, have a look at all the pictures. Share what is happening on each page and guess what words **might** be in the text.

Now read the book. Give praise when a word appears that was predicted.

Social and Emotional learning

'The Positive Detective'

Students are working through a program called 'The Positive Detective' in classes. Thank you to Fairbrother who have very generously supported the full cost of this for our school. This program is an emotional wellbeing and positive education school program designed to enhance our positive resources. It encourages us to be more intentional in looking for good things in our environment, relationships and in ourselves by focussing on what is going well rather than what is not, we intentionally take responsibility for our mood, happiness and wellbeing. This program has been successfully run through several primary schools in Southern Tasmania.

Debating

Last Thursday Grade 6 students went to Princes Street Primary School to debate. The topic was 'Are Hobart's height restrictions appropriate'. On the affirmative there were Rio, Joshua W and Archer and on the negative was Joe, Moana and Lucy. Sadly both teams lost against Bellerive but both were excellent debates. We look forward to hosting the debate on Thursday 7th September here at Lauderdale. Please come along to watch from 4pm-5pm. The topic is 'Students should be able to elect their school principals'.
